\$150 Off Water Powered Backup Sump Pump

We install water powered backup sump pumps that require no electricity or battery power! These water powered backups pump up to 1800 gallons per hour. Take action and prevent your home from flooding by getting a backup sump pump installed today! Ben Franklin Plumbing has been installing these pumps since the early 80s, giving us over 25 years of exceptional experience!

Employee of the Month Eddie Hudson

Eddie our technician understood exactly what needed to be done. Gave us an price for the job done before doing it. He was very pleasant to talk to and done a super job. Even nice to put on shoe covers

before entering, everything was clean and replaced when he was done.

Also gave us price for future work that we may have him do. Will ask for him again next time.
